When a pupil on account of illness or other serious reason is unable to appear for admission within the prescribed time, the Headmaster shall have discretion to receive a formal application for admission before the last appointed day, but in such cases both the fact of provisional admission by application together with the reasons for it and also the date of commencement of the pupil's attendance shall be reported for approval to the Circle Inspector.

II. At the beginning of the second term, admission to High School Forms IV to VI shall be made on or before the second Monday, only on the production of a transfer certificate. At other times of the year admissions by transfer certificates shall be allowed only for very special reasons such as the transfer or death of a parent or guardian, and all such special cases of admission shall be reported for approval to the Circle Inspector.

III. A pupil coming from another recognised High School shall not as a rule be placed in a Form lower than that for which his transfer certificate declares him eligible, except on the results of a written examination in English and Mathematics to be held when considered necessary. The questions and answers of such examination shall be preserved in the School records to the end of the academical year.

Size of High School Classes.

No additional pupil shall without the sanction of the Inspector-General of Education be admitted to a High School class when there are already forty pupils on the roll, unless the management is prepared to divide the class into two sections within a period not exceeding two months from the date on which the number on the roll first exceeds forty.

Rules for promotions in Anglo-Vernacular Middle and High Schools.

III. No boys shall be promoted who fail to get 35 per cent marks in English and 40 per cent on the whole.
